Kansas Department of Social and Rehabilitation Services
 Monthly Family Income and Share Schedule for Child Care Services

Effective May 1, 2005

Each family determined eligible for Child Care based on income shall be assessed a monthly share based on family size and monthly gross income. This share is the unsubsidized portion of the cost of care for which the family is responsible. The monthly fee shown on the chart below for each income level and family size is the "family share" the parent or guardian pays the child care provider monthly toward the cost of care for all children receiving care.

Notes:

1. There is only one family share schedule for all families paying a "family share". Income should be rounded to the nearest dollar.
2. The family's income must be equal to or under the "Income Limit" amount.
