

AIMS Oversight Committee: This workgroup will oversee and facilitate the development and implementation of an integrated MIS that can meet the needs of multiple stakeholders of the public mental health system in Kansas. The Automated Information Management System (AIMS) is the core of the Kansas public mental health system's data infrastructure.

AIMS Oversight Committee Agenda

January 27, 2004

1:00-4:00

The Consortium, Inc.

❖ **Introductions**

- Attendance at the Consortium

- Attendance via televideo/teleconference

❖ **Review the minutes from the December 16, 2003 AIMS Oversight Committee Meeting.**

- **Are these minutes approved for posting on the Kansas Mental Health Information Exchange Website?**

❖ **FY05 AIMS Changes**

- Summary of proposed changes
- Plan for gathering stakeholder input
- Timeline for implementing the changes

❖ **What additional data do the CMHCs want to report on the enrolled non-target population?**

- This is an issue that the Executive Directors raised with Gary.

❖ **Constituency concerns expressed about comparisons between July-September 2003 AIMS data and previous quarters data (Children CSR comparisons)**

❖ **Consortium Updates**

❖ **CMHC Updates**

❖ **KU Updates**

❖ **Schedule next Meeting (Proposed Date March 16, 2004, 1:00-4:00, at the Consortium)**
